About me

After obtaining the Federal Diploma of Vocational Education and Training as a commercial employee in Viganello and a few years of work experience in Ticino, in 1990 I spent a year in the United States (San Diego) to improve my knowledge of English. From 1991 to 1995 I worked as an accountant at GE Lighting SA in Zurich. Before starting my activity at Fiduciaria Mega SA in Lugano in 1997, I worked for two years, also as an accountant, at the construction company Boni & Foglia SA in Lugano.
