About me

After obtaining the federal professional certificate of Specialist in Finance and Accounting in 1993, I was active in the field of administrative accounting consultancy. Subsequently, I gained significant experience in the field of taxation, in direct taxes, withholding tax, stamp duty and value added tax, assisting banks, companies (public and private) and entrepreneurs in major projects. I am mainly involved in advising banking institutions, public and private companies, entrepreneurs in the field of national taxation and ordinary and extraordinary administrative management.
